REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left
By Men Who Laid the Foundation of Our County.

Members of Bay View Lodge No. 109, I. O. O. F., celebrated the first day of the year 1873 with a public installation of their officers. The ceremony was conducted in the evening, and in order to accommodate the large number of guests was held in the Germania Hall. It had been expected that the Grand Master, A. C. Bradford, would be present and conduct the installation, but railroads were not as certain in those days as now and he failed to reach here as intended and the officers were installed by Past Grand Master C. N. Fox. After the usual ceremonies, the remainder of the evening was spent in dancing. Following were the officers installed: H. E. Jewett, noble grand; H. B. Thompson, vice grand; J. Shelly, recording secretary; T. W. Lathrop, treasurer; B. F. Cooper, warden; William Holder, conductor; C. A. Kirkpatrick and A. F. Cornell, supporters to noble grand; C. Baird and J. Christ, supporters to vice grand; C. P. Fox and J. Saunders, scene supporters; A. Teague, inside guardian; W. J. Welburn, outside guard.

For the new Masonic year the following were installed as the officers of the Redwood City Masonic Lodge, then known as San Mateo Lodge No. 168: S. M. Cook, worshipful master; H. N. Nutting, senior warden; L. P. Cooley, junior warden; H. N. Nutting, treasurer; P. P. Chamberlain, secretary; A. Teague, senior deacon; B. H. Hayes, junior deacon; O. McGarvey and W. A. Clink, stewards; Fred Koch, tyler.

The following item anent the building of a new Methodist house of worship in this city is taken from the columns of the Gazette of January 25th, 1872: "Carpenters C. C. Underwood and J. O. Shaw are at work on the new Methodist Church. The foundation was laid on Monday, the location being a portion of the J. Preble lot, which was recently purchased at a cost of \$300. The building is to be 32x40 feet on the ground, the posts 14 feet long, and enclosed with rustic. There will be no steeple. The church will be occupied as soon as enclosed and the windows put in, which will be during March. The present outlay will be less than \$1500. The Methodist people, something unusual for them in a prosperous town, have failed heretofore to get a foothold here in Redwood. Years ago they purchased a lot beyond the 'Island' and raised the frame of a house of worship. Ill winds came along after the frame had become weather colored from exposure—a tree, a crash, and the skeleton of an edifice was a pile of refuse lumber. With the fall of the building Methodist enthusiasm for a meeting house in this place cooled off. Last year, however, it revived and a water lot was purchased between Mr. Tyler's barn and the school house. Holes were sunk for the foundation but no bottom was found. Presiding Elder Ross, wisely concluding that the people, or at least those likely to come after him and his generation, were not likely to be amphibious, determined upon the purchase of a secure foundation."

On the 15th of February, 1873, the work of remodeling the Congregational church building in Redwood City was completed and the last of the furnishings installed, and on the following Sunday the service of rededication was held in the presence of a congregation that filled the auditorium of the church to its utmost capacity. These services were conducted by the pastor, Rev. H. E. Jewett, assisted by Rev. T. K. Noble of San Francisco, Rev. T. H. Rouse of San Francisco, Rev. C. H. Pope of Benicia and Rev. J. B. Knights acting pastor of the Redwood City Baptist Church. The dedicatory sermon was preached by Rev. Noble, while Rev. Rouse offered the dedicatory prayer. Just before the offering of the prayer it was announced that there was a debt of nearly \$2500 against the building and an effort was made to raise a portion of this. As one of the moves in this direction, the cost of each of the stained glass windows in the new building was announced and people in the congregation were asked to make individual purchases for the benefit of the fund. From this source \$290 was realized, the purchasers being as follows: Circular window over eastern entrance, Miss E. A. Kellogg, \$10; side window in tower, D. Sampson, \$20; front window in tower, Mrs. D. McPherson, \$20; window at left of pulpit, W. J. Wilcox, \$30; window at right of pulpit, Mr. and Mrs. W. R. Thomas, \$30; center window left side of pulpit, Mr. and Mrs. C. M. Stone, \$30; center window right side of pulpit, John A. Doutrick, \$30; third window from pulpit right side, Charles Webb Howard of San Francisco, \$30; third window from pulpit left side, C. N. Fox, \$30; tripple window, G. H. Kellogg, \$60. The interior of the church was handsomely furnished, a special fund of nearly \$1000 having been raised for the purpose mainly by the personal work of Mrs. C. N. Fox. At that time the officers of the church were as follows: Rev. H. E. Jewett,

pastor; G. H. Kellogg, deacon; C. N. Fox, superintendent of Sunday school; W. J. Wilcox, librarian; Jerome W. Turner, assistant librarian; W. R. Thomas, chorister. The board of Trustees consisted of C. N. Fox, S. S. Merrill, Geo. H. Kellogg, H. N. Nutting and J. L. Snow.

Teachers to Try Matrimony.

News comes from Fruitvale, Alameda county, of the approaching marriage of F. S. Rosseter, who was formerly principal of Sequoia high school. The bride to be is a Miss Minnie Cozard, music teacher in the Fruitvale high school of which Mr. Rosseter is now principal. Mr. Rosseter's many friends in Redwood will be pleased to hear the news and all will wish him and his bride a happy future.

NEW TEACHERS ARE SELECTED

Grammar School Trustees Name New Corps of Instructors.

The grammar school trustees have elected Professor Carrington as teacher of music and drawing for the coming year. Mr. Carrington is giving the same instruction in the high school and his work is considered equal to the best in the state. The trustees have filled two vacancies in the school by the appointment of Miss Abbey, an experienced upper grade teacher, as teacher in the eighth grade, and Mrs. F. H. Thorpe as teacher in one of the lower grades.

Since the closing of school many of the teachers have departed on their vacations. Miss McCarthy has gone to Honolulu to visit her sister; Misses Lowry and Miner are camping with friends in the Big Basin; Miss Moore has gone to Oakland to spend vacation with her sister; Miss Caldwell will go to Tahoe; Miss Kelting will enjoy herself at La Honda, Miss Nelson will camp with friends, and Mr. Benson will go to the Sierras. Miss Bernhart will take up the teaching of music and Miss Lewis is in San Francisco. Both of the latter have resigned.

Mexican War Veteran Dead.

The news comes from the south of the death of Harry B. Thompson at the soldiers' home at Sawtelle Los Angeles county on the 25th instant. It is twenty-eight years since Harry Thompson left Redwood, but he is remembered by many and his passing away marks the removal of one of the stately old figures of pioneer times. Thompson was a deputy under County Clerk John H. Tate in the early 70's and when the latter died he was placed in charge of the office. From that time until 1882 he was connected with the clerk's office. He was a most competent official. Thompson was a Mexican war veteran and when old age overtook him he went to the soldiers' home where for many years he filled a clerical position. He was a native of Maine, aged 83 years. Abrother, Edward Thompson, resides in Portland, Or. The burial took place Monday at Santa Monica under the auspices of the Masonic Fraternity, deceased having been a member of Redwood City Lodge No. 168.

No Politics in Ours.

Redwood City seems to be excited over Fourth of July arrangements. It is claimed that the event is being used or misused by politicians for their glorification. Perhaps other politicians are mad because they are not in the show. Better eliminate them all or rather provide a special feature for all candidates and confine them to a fixed position in the parade, the republicans preceded by an elephant and the democrats by their famous long eared emblem—San Mateo Leader.

We may have both elephants and donkeys with us on the Fourth, but neither will be of the political kind.

Traveler Seriously Injured.

Ollie Svensen, a middleaged man who resides at 2330 Mission street, San Francisco, had his left leg broken Sunday while about to leave the 11:31 train. Svensen who is lame left his seat while the train was in motion and when it came to a stop with a jolt he was thrown violently against the forward seat, the impact fracturing the bone of his already injured limb near the hip. He was taken off the train and turned over to Drs. Ross and Taggart who set the bone, after which the injured man was sent to his home in San Francisco.

A Merited Compliment.

Dr. Plymire is a candidate on the Republican ticket for reappointment to the office of Coroner and Public Administrator which he has held for the last four years. As a public official, the Doctor has performed his duties in the most creditable manner—Colma Record.

All Native Sons and Daughters are requested to meet at their headquarters, No. 15 Broadway at 9:30 sharp, the morning of July 4th to prepare for the parade.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

A strong sense of civic pride, in addition to the usual impulse of patriotic sentiment, must of necessity animate the people of this city and county in the celebration of the National Holiday this year. To every resident of this city especially the event must be marked as one of more than usual importance and significance. Not only are we to commemorate the anniversary of the birth of a great Nation, whose people stand united for the preservation of those grand principles which brought it into existence, but we are to celebrate the final completion of a magnificent public building erected under discouraging circumstances as a monument to the liberality and enterprise of the citizens of San Mateo County.

Making for Party Harmony.

To the voter in the Republican ranks who is inclined to view the present primary election campaign from the disinterested view point of the general welfare of the State, the methods of campaign adopted by Charles F. Curry in his race for the gubernatorial nomination must appear strongly. That the general sentiment of the voters of the State is strongly in favor of the principles of the Republican Party is universally conceded. At the same time it must be admitted that if the control of the party is to be continued there must be harmony in the ranks of the voters of the party. If the party is to win it must go before the people with a united front. It must be free from cliques or internal divisions.

In this respect the campaign of Mr. Curry is to be commended. From the inception of his campaign he has appealed to the voters solely upon his personal record as an official and a citizen. At no time has he appealed for support to any faction or division of the party, nor has he sought entangling alliances. Thus he has placed himself in a position where if nominated as the candidate for the head of the ticket he can well command that harmonious support which is essential to success in the final contest.

Another important feature of the method of campaign pursued by Mr. Curry is the fact that he has placed himself in a position to assume the duties of the office of Governor untrammelled by improper obligations and thus in a position to deal with absolute justice with every section and enterprise. That he is fully equipped for this duty, his long experience with the public affairs of the State is a guarantee.

A Splendid Record.

Harold O. Heiner, who seeks the Republican nomination for the office of County Recorder at the coming primary election, is a popular and well known young business man of Redwood City, and seeks the support of all loyal Republicans.

He was born in Redwood City on June 23d, 1884, and was raised here, and educated in the grammar and Sequoia Union high school, he took business course in a San Francisco Business College, after completing which, he spent three years in the office of B. P. Oliver, the well known San Francisco Real Estate Broker, who was the foreman of the Grand Jury that exposed the graft in that city three years ago. On leaving the employ of Mr. Oliver, Mr. Heiner, in order to travel took a position as stenographer on the Santa Fe Railroad, first at Point Richmond, then to Arizona, and then went to Chicago. After leaving the Santa Fe he was stenographer to the Superintendent of Construction on the "Big Four" lines, from St. Louis to Cincinnati, Cleveland, Buffalo and New York, gaining much valuable experience, such as few men of his age can claim. Mr. Heiner returned to the coast, after filling the position as Private Secretary to the Division Superintendent of the Pullman Company at Cincinnati.

He then went to Seattle, learning the abstract business in the office of the Booth-Whitely Abstract Company, then the largest abstract concern on the coast. Three years ago Mr. Heiner returned to Redwood City and went into the abstract business here, and is now president of the Abstract of Title Company of San Mateo County. At the last Republican Convention, he was elected secretary to the Republican County Committee, and gave yeoman service to the Republican Party during the last campaign.

Owing to his familiarity to the duties of the office which he aspires, having spent the past five years practically in Recorder's offices, he is well qualified to fill the same, and conduct it on business principles.

Mr. Heiner has made no promises of alliances, and is making many friends and supporters by his clean, straightforward campaign.

In fraternal circles, Mr. Heiner is very prominent, being a member of the Masons, Elks, Native Sons, Eagles and Yeomen, in each of which he takes an active interest.

J. L. Beasley will conduct a temporary refreshment store for the celebration at No. 3 Broadway. Will also have a supply of home made candy. Try our French Buns.

Pescadero Correspondence.

We were surprised to learn of Dr. McCracken's death, it seemed so sudden to us over here on the coast side, as he was among us only a short time since looking so well. We tender our heartfelt sympathy to his wife and son in their hour of sorrow, as he was a man that there are very few like these days. Uncle Loren Coburn has got himself a new five passenger Auto Car and he says that now he intends to enjoy life as his dear nephews. They are so anxious about his health that he thinks the out door rides this kind of weather is very beneficial to his health.

Dr. Emerson of Centerville, Alameda County, was here last Saturday on a trip.

F. C. Bowen of Torquay was in town Tuesday.

Judge Reid Bowen was up from Torquay during the week.

N. A. Armas was in town for a couple of days.

Dave Armas is around again walking without his crutches.

We have no butcher shops here in town at present.

J. G. Anderson was in town on Tuesday.

Al Owens is here visiting his sister, Mr. J. G. Anderson.

A birthday supper was served at the Commercial Hotel on Tuesday evening by Mr. Boshoff in honor of his 41st birthday. An enjoyable evening was spent. Those present were: Mr. and Mrs. Boshoff and Irene, Mr. and Mrs. Dr. Blackburn, Mr. and Mrs. H. W. Good, Mr. and Mrs. L. Ward, Mr. and Mrs. C. L. Littlefield, Hazel Good, Caroline Littlefield, Helen Littlefield, L. Reid Littlefield and Tommy Ward.

Pomponia Paragraphs.

A number of blackberry pickers have visited the Pomponia this year. They say that the wild blackberry are more plentiful this year than they have been for many years.

A. W. Owen has arrived on the Pomponia, all the way from Los Animas, Colo.

Clyde Owen is assisting Lennie Ross at hauling lumber for the San Gregorio bridge.

Miss Amy Giffin, who has been visiting Mrs. Anderson for the last two weeks has returned to her home in Pescadero.

J. G. Anderson is making preparations to open up his butcher shop in Pescadero again. The people seem to realize the inconvenience of being without a shop in the town.

The sad news of Dr. McCracken's death reached the people of the coast side shortly after he had passed away. The doctor was an old resident of Pescadero and was held in the highest esteem and loved by all who knew him. His loss will be greatly felt.

Halfmoon Bay Notes.

The high school bond election at Halfmoon Bay last Tuesday carried by a vote of 179 to 25. The election was to vote bonds in the sum of \$25,000 to purchase a site and erect a building. This was the fourth attempt to carry bonds and the supporters of the high school were successful, having removed some of the objections that were urged at the other contests. Halfmoon Bay will now have a fine high school, such as the town may feel proud of.

Out for Treasurer.

Fred W. Lippman, the jeweler of this city, has announced himself a candidate on the Republican ticket for the office of treasurer at the primaries to be held August 16th. In his statement issued to the press he says: "Since the new primary law permits every citizen to seek public office at the hands of the people and after looking carefully over conditions I have decided to become a candidate for the Republican nomination for the office of treasurer on the Republican ticket. During my twenty year residence at San Carlos I have always taken an active interest in the affairs of the county. Though a native of San Francisco this is the first time I have aspired for office. My business as jeweler in San Francisco and Redwood City has given me a wide experience in financial affairs and has brought me in close touch with the people of San Mateo County. I feel competent to fill the duties of the important office of treasurer. I owe no allegiance to any moneyed institution and if elected will do my whole duty. I most respectfully ask the support of the people."

CITY TRUSTEES TAKE FIRM STAND

Council Refuses to Recede From Stand Taken for Regulation of Liquor Traffic.

Considerable business was disposed of at the adjourned meeting of the City Council Thursday evening, at which all of the Trustees were present. The chief feature of the meeting was the reiteration of the decided stand taken in the limitation of the conduct of saloons at the last regular meeting, not only as to the method of the conduct of the places, but as to their location.

Revised drafts of the contracts between the city and the Electric Light Company for the retransfer of the city lighting system were submitted to the lighting company for their approval.

It was decided to purchase 1000 copies of the Woman's Club edition of the Democrat for the use of the Board of Trade, at a cost of \$75.

City Electrician Werder asked for instructions as to the requirements for the payment of the cost of cutting electric light wires at the demand of house movers, stating that the electric lighting company had refused to cut its wires unless the cost of the work was paid by the house mover. While it was found that there was no ordinance covering the matter it was the general opinion of the Trustees that as the United Gas & Electric Co. were occupying the streets without compensation to the city, they should be required to bear the expense of such work, and the Electrician was instructed to take that stand in dealing with future cases.

A communication was received from a firm of New York architects asking that they be given an opportunity to submit plans for the new City Hall and was placed on file.

At the suggestion of President Stafford of the Board of Trade, the final consideration of the ordinance providing for a general occupation license was laid over for three months. In making this request Mr. Stafford stated that while some consideration had been given to the new ordinance by the executive committee of the Board of Trade, it had been found that the time had been too short to dispose of a subject of this importance. It was the opinion of the merchants that sufficient time should be allowed for mature consideration, in order that when adopted the ordinance should be complete and as far as possible fair and satisfactory to all classes affected.

A petition was received from J. Bang asking permission to keep open his saloon on the Fourth of July. As a reason for the request it was stated that this would, besides being an accommodation to the customers of the place, materially improve the means of ventilation. After some consideration, it was decided that all holders of class A liquor licenses having side entrances opening upon a public street be permitted to keep them open for that one day. It was also decided to allow the keepers of billiard parlors and bowling alleys to keep open all night on the 2d and 4th of July, giving them the same privileges that had been accorded the saloons.

A communication was received from the Southern Pacific Railroad Company asking that the fence in front of the lot of Margaret O'Brien facing their right of way between Willow and Laurel avenues be moved back 15 feet, so as to allow of the completion of the work of improving the right of way. As it appeared that Mrs. O'Brien held no title to this portion of the property the communication was referred to the Town Attorney with instructions to take steps to comply with the request.

The presentation of the applications of P. A. Russell and J. M. Williamson for permits for Class A liquor licenses opened up the renewed discussion of the saloon question, a matter which occupied a considerable time of the session. When the application of P. A. Russell for a license for a saloon in the new telephone building, facing the new court house was presented by the Clerk, Trustee Sampson on behalf of the committee on public morals recommended that the application be denied. In making the recommendation, Trustee Sampson stated that the committee had no fault to find with Mr. Russell personally and were of the opinion that a place conducted by him would comply with all requirements of the ordinances, but that the objection was based on the proposed location. Members of the committee were opposed to the extension of the limits in which saloons should be permitted, and objections to the location had been made by a number of citizens. Trustee Brown also stated that several persons had made objections to him against a saloon located in close proximity to the telephone office where a number of young women were constantly on duty. Mr. Russell appeared on his own behalf and urged that the portion of the street where the saloon was to be located was essentially business property, and in support of this contention cited that there were already a number of business places on that block at this time. Attorney Kincaid who represented a number of protesting property owners urged that the Council had gone on record as prohibiting saloons on any but Main and Broadway streets and urged that this rule be adhered to. The appli-

cation for the license was denied by a unanimous vote.

No objection was made to the application of J. M. Williamson for a license in the Offermann building at the corner of Main and Phelps sts. and his application was granted on a favorable report from the morals committee. The application of Paul Demartini for a renewal of his license was again laid over.

Trustee Hynding asked that the acting in denying a license to Lou Braut be reconsidered, stating that a number of business men had urged this action. Braut made a strong plea on his own behalf, urging that he had always endeavored to comply with the law, and promising special care for the future. Trustee Sampson was much inclined to a refusal of any reconsideration, stating that the adverse report of the committee had been made after a full investigation and that he could find no reason for further delay.

Charles Long also asked that his firm be allowed a short time longer in which to dispose of the business. As it was shown that Long had already been given a year in which to sell out this was denied. Following the request of Long, Braut also asked that he be given time to dispose of his business and as no action of this kind had been taken in his case the Trustees were inclined to be lenient if the law would permit but it was argued that a license could not be granted for a less period than a full year. For this reason no action was taken at this time. This leaves the matter where both places will be out of business on the Fourth.

Considerable time was devoted to a consideration of plans for the permanent improvement of the County Road under the bond issue. City Engineer Heymann submitted complete plans for the improvement which met with the hearty approval of the Council and it is probable that at the next meeting bids for the work will be called for.

FRIENDS PAY TRIBUTE

Remains of Honored Citizen Escorted to Last Resting Place by Large Concourse of Citizens.

Borne by the loving hands of men with whom he has so long been associated in official and social life, and who from intimate association had learned to appreciate the true nobility of his character, the mortal remains of Charles Larkin McCracken were laid to their last resting place in the hallowed precincts of Cypress Lawn Cemetery last Sunday with the beautiful ceremonies of the Masonic Fraternity, of which for many years he had been an honored member. As mute evidences of the esteem in which the deceased was held, nature had given into loving hands her choicest garlands and these had been brought as offerings at his bier and mute tokens of condolence to the bereaved wife and son.

Seldom in the history of this city has there been such a strong evidence of the esteem of the public for one of its departed as was exhibited following the announcement last Friday afternoon that County Tax Collector McCracken had succumbed to the wear of disease and had given up life's struggle. From every side expressions of regret and sorrow at his passing were heard, while from the tall staff of the new Courthouse the American flag hung at half-mast as testimony of the public regret. Citizens of all classes called at the residence to leave floral tributes and to offer what consolation was possible to the bereaved family.

As the hour of the funeral services approached people anxious to show their last respect to the memory of the man who had so faithfully served them for many years thronged toward the residence, and while the solemn service was conducted within the house stood with reverence on the surrounding streets. At the house the service was simple but solemn, Rev. C. C. Kirtland, pastor of the Congregational Church offering an impressive eulogy to the memory of the dead, mingled with words of consolation and support, and Prof. Carrington adding the impressive solemnity of the service. After this service the casket containing the remains was carried to the waiting hearse by John F. Johnston, Clarence D. Hayward, L. H. Newbert, James V. Newman, P. T. Bartlett and James V. Chamberlain and the funeral cortege wended its sorrowful way to the depot, from whence the party were conveyed by train to Cypress Lawn Cemetery. At the cemetery the services were taken in charge by the members of Redwood City Lodge of Masons, of which the deceased had been an honored member, and the beautiful services of the Masonic Fraternity were conducted by Worshipful Master Roy W. Cloud, Rev. Mr. Kirtland offering the prayer and benediction.

The Coburn case was resumed in the Superior Court yesterday before Judge Doelling. Dr. Robertson was on the stand nearly all day and was being cross examined by the attorneys for Azro Coburn. He gave expert testimony for the defense.

J. H. Gibson has brought suit in the Superior Court against A. G. Gibson to recover the sum of \$367.50 and interest on a promissory note jointly executed on April 6, 1906. This is the plaintiff's share of his obligation.

The Women's Club edition of the Democrat office today and Monday. The issue is a fine publication of 24 pages. As a county advertisement it is unexcelled, a large section being devoted to the different localities. There is a women's department, a juvenile department and a page set apart for the local accounts. This will be worth reading. Altogether the paper is well worth the price, 10 cents. The City Council has started the ball rolling by taking a thousand copies. Buy a copy and sent it to your friends.

Two Big Contests.

One of the best games played on the local diamond, was played last Sunday, the game being between the Menlo Park boys and the local nine.

It was a pitchers game up to the 7th inning, after which the local nine, aided by an error on the part of Menlo, had things their own way. Score 6 to 0. Our boys showed clearly that they can play ball, even under the most trying conditions.

On July 4th, our boys will play San Mateo. The Directors have made arrangements satisfactory to both teams. These arrangements will mean a game along the lines of true sport, such as was played here some time ago between the two teams. There will be no disorder, but there will be baseball from one end of the game to the other, for this game will leave one or the other of the teams victorious, the games now being tied.

HEEDS CALL OF DUTY

President of California Newspaper Association Will Accept Office.

There is one distinguished Californian, a leader among leaders, and it is opportune for the people of this community to know about this eminent citizen.

He is Friend W. Richardson, President of the California Press Association, one of the most influential organizations of its kind in existence, whose membership comprises the purest brain and muscle in the journalistic world.

Mr. Richardson is the editor of the Berkeley Gazette. But what should interest us most is the fact that this able man has been put forth by his friends as a candidate for State Printer because of his executive ability and the happy faculty he possesses to do the best thing at the best time.

Mr. Richardson, for years, has busied himself in framing legislation that has been the fruit of great good for the people of the State in the line of publicity.

More than a leader is the chief executive officer of the press organization. Not only is he a wizard in the handling of problems and men, but he is a man with an admirable character and an amiable disposition—a combination rarely found in one individual. Year after year Mr. Richardson has been elected to the presidency of the California Press Association by the wise men of the organization.

In the person of George Squires, of Redwood City, San Mateo County, has furnished the attorney for the newspapermen, and in a measure, the community for this reason, should be interested especially in the workings of the State press.

Be anxious to reward virtue when ever the opportunity presents itself. It is seldom that the people have the opportunity to place into office the one man, and politics should be ignored when virtue is concerned.

Mr. Richardson is not a politician. He has worked consistently for the interests of the people. He is a statesman. The installation of Friend W. Richardson as State Printer means no typographical jokers in the printing of new laws.

Incidentally, Mr. Richardson's name appears on the Republican ticket.

A word to the wise is sufficient.

RESULTS THAT REMAIN

Are Appreciated by Redwood City People.

Thousands who suffer from backache and kidney complaint have tried one remedy after another, finding only temporary benefit. This is discouraging, but there is one special kidney medicine that cures permanently and there is plenty of proof right here in Redwood City.

There is the testimony of one who used Doan's Kidney Pills years ago, and now states that the cure was lasting. Fred Hausner, 101 Stannard street, Redwood City, Cal., says: "My kidneys were badly disordered and the secretions from those organs were unnatural. Knowing the difficulties of this kind often resulted seriously if allowed to get unchecked, I was anxious to get relief. Seeing Doan's Kidney Pills highly recommended, I got a box at J. A. Ryan's drug store and their use completely removed the symptoms of my trouble. In July 1917, I publicly testified in favor of Doan's Kidney Pills and at this time I gladly confirm that statement. During the past two years, I have been free from kidney complaint. This fact justifies my speaking more highly than ever of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States.
